

# Preprufe® Plus

Advanced Bond Technology™

gcp applied technologies  
gcpat.com

## The Most Advanced Pre-Applied Waterproofing System

**Strong & Durable**

**HDPE FILM**

Resilient, Flexible, Time-Tested Waterproofing Material

- Site proven durability
- Excellent chemical resistance

**Advanced Bond Technology**

**THE ORIGINAL FULLY-BONDED WATERPROOFING TECHNOLOGY**

Preprufe's Continuous Adhesive Bond Prevents The Migration And Ingress Of Water

- Reduced risk of leaks due to installation errors and punctures
- Long-term performance

**Performance in Critical Areas**

**PREPRUFE® ZIPLAP™**

Innovative Adhesive-To-Adhesive Bond At The Seams

- Fast and effective
- Damp and dust tolerant
- No equipment or priming required

**RELEASE LINER-FREE**

- Reduces site waste
- Reduces installation errors
- Speeds installation

**Self-protected Membrane**

**KICK-OUT ROLL**

- Fast and easy installation
- Labor savings = accelerated project schedule

**Fast Installation**

**Preprufe® ZipLap™**

The ZipLap™ allows for a quick, easy and equipment-free installation.

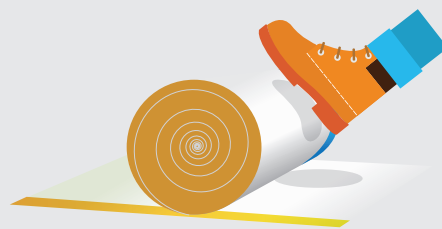

**Advanced Bond Technology™**

Preprufe® Plus membranes are engineered to provide a permanent and integral, adhesive bond to concrete. Bonded to the structure, no confinement is required for performance.

## Performance has a name... Preprufe®

**ZERO**  
WATER TRACKING

Preprufe® has been proven to resist water migration\*

Fast & easy kick-out design

Only 2 operators required for installation

Used on critical projects in a wide range of site conditions

Preprufe® performance has been trusted in some of the most challenging building projects worldwide.

**500 Mil**  
SQUARE FEET

Over 500 Million ft<sup>2</sup> (50M m<sup>2</sup>) of Preprufe® has been installed worldwide

**20+**  
YEARS

Preprufe® has an unparalleled track record of over 20 years

SUPPLIED TO  
**75+**  
COUNTRIES WORLDWIDE

Preprufe® has been supplied to more than 75 countries

Serving all markets & industries:

- Airports
- Arts/Education/Health
- Stadiums
- Energy/Industry
- Commercial
- Mass Transit

**#1**

The first fully-bonded, pre-applied technology

**ZIPLAP™**

ZipLap™ technology allows for fast installation

No equipment or primer required for installation

No release liner reduces site waste

Preprufe® is supported by years of experience and unparalleled technical service.
